

## Wisconsin Department of Veterans Affairs

Tony Evers, Governor | Mary M. Kolar, Secretary

December 2, 2020

Dear King Members, Friends, and Family:

Did you know that this week is National Hand Washing week? It's a good reminder of one of the COVID prevention measures everyone should be taking part in (all year, not just this week!). Along with limiting travel, maintaining six feet of distance from others when you must go out, and wearing a mask, **good handwashing technique** can significantly reduce community spread of COVID-19 and help keep our members safe.

At King, two members and one employee tested positive for COVID-19 since Monday, and one member and nine staff recovered. In addition, one member who was reported positive on Nov. 27 was retested and was found to be negative. Currently there are 23 active positive cases of COVID-19 on campus (8 residents, 15 employees).

Beginning in January 2021, will be moving to email notifications, instead of mailed paper letters, as our primary way of sharing these updates. If you haven't yet added yourself to our email mailing list, please do so now at [www.WisVetsEmail.com](http://www.WisVetsEmail.com). If you do not have reliable email access or would like to continue to receive printed and mailed letters, please contact Barb Anderson at (715) 256-5022.

Sincerely,

Tammy Servatius, Commandant
